

Accounting: Using commonsku + **intuit quickbooks**®

When you connect commonsku with your QuickBooks Online accounting software your invoicing and billing process becomes faster and easier. Even better, *commonsku users now receive an exclusive **30% discount** off of a QuickBooks Online subscription for the first year!*

How commonsku's integration with QuickBooks Online works:

STEP 1: Your business goes live with commonsku 🎉

Our Customer Success team will reach out to begin scheduling your training, answer any questions you have about commonsku's features, and help you connect your QuickBooks Online account.

STEP 2: Set up new QuickBooks Online subscription or add exclusive discount to your current account

Reach out to the Intuit Franchise Team. They'll instruct you on how to migrate your accounting data, walk you through how to use the new accounting service and upload your chart of accounts. The best part? Mendelson Consulting (franchise@mendelsonconsulting.com) is specifically trained on using QuickBooks Online with commonsku, and so you can rest assured knowing the uniqueness that comes with running a promotional products business.

STEP 3: That's it! You're all set ✓

Looking for more in depth information on setting up QuickBooks Online with commonsku?

[View our complete steps on how to connect to the integration here](#)

Our partnership with Intuit QuickBooks gives commonku customers exclusive perks when they sign-up, including 30% off your first year, your initial QuickBooks online setup, a high level overview of QuickBooks, free payroll migration if you are using another payroll provider, free QuickBooks Desktop data migration assistance to QuickBooks Online, and free ongoing support.

What makes commonku and QuickBooks Online such a powerful combo?

- Eliminates double entry. No more adding bills or invoices manually into a separate software system.
- Save time and money. Sending your information digitally saves money and time so you can focus on running your business, not doing data entry or mailing paper invoices.
- Connecting commonku with QuickBooks Online lets you run your entire business from anywhere there is an internet connection. Experience true freedom in your work.

Using QuickBooks Desktop?

While commonku doesn't directly integrate with Quickbooks Desktop, and we would highly recommend transitioning to QuickBooks online if it's feasible for your business, using commonku with QuickBooks Desktop requires only a few extra steps via Transaction Pro to work in harmony together. commonku's Customer Success team can assist you with setting this up once your commonku account is live.

Assistance with migrating your QuickBooks Desktop data to Online, if you choose to do so, is a pain free process and is offered free of charge by the Intuit team when you sign up for QuickBooks Online. Take advantage of a fully cloud-based, accessible from anywhere, technology stack today!

Need help getting started? Work with a trusted QuickBooks Export.

We're excited to announce our partnership with [Accounting Support, LLC](#), founded by Harriet Gatter, a QuickBooks ProAdvisor and former distributor with over two decades of experience in the promotional products industry.

As a QuickBooks expert who understands, Harriett will help you configure your account correctly from the start, including tax settings, chart of accounts, templates, and more.
