

# commonsku CRM

Capture all of your client information and interactions in one place with [commonsku's CRM](#). Stay on top of every detail of the sales cycle by creating detailed notes, setting reminders, statusing leads, and using tags. Your entire team can view this client information, so they're never left in the dark!

commonsku client pages are your company's watch tower over all of the particulars you've gathered about your client and your relationship with them. Storing all of this information through notes, statusing, and tags ensures your team is on the same page, has the full picture when interacting with clients, and can effectively prospect based on specific buckets.

commonsku is an effortless business management platform that empowers you to process more orders and handle more business. Learn more about our CRM and other game changing features by [requesting your 1-on-1 meeting today!](#)
