

commonsku Portals

Give your clients visibility and control with [commonsku Client and Project Portals](#). Client and Project Portals allow your clients to easily view all current and past orders in one place, easily place reorders or start a new project.

Client Portals can be used as an area to merchandise ideas specific to your client, or to a theme across many clients.

Project Portals have a history of your project communications (emails, presentation comments, etc..) and give your client order status visibility.

commonsku is an effortless business management platform that empowers you to process more orders and handle more business. Learn more about our Portals and other game changing features by [requesting your 1-on-1 meeting today!](#)
