

Hi, we're commonsku 🙌

commonsku is a CRM, Order Management, and eCommerce platform that allows you to seamlessly work with your customers, team members, and suppliers. Through our industry renowned features and integrations, our clients are able to run their business from one fully unified platform. From prospecting to invoicing, commonsku has you covered:

Prospecting

Our beautiful navigation and dashboard guide your team where they need to go in the platform, while our CRM feature captures all of your clients information and interactions.

Presentations

commonsku presentations are changing the promo game! Interactive presentations, with modern style, engage your customers and strengthen your relationships.

Production

With commonsku's production management tools, you can save time and eliminate costly errors once your orders are confirmed.

Reporting

View detailed reports and analytics, specific to your role and what information is most important to you.

Orders

Client Portals allow your clients visibility and control over their projects, while saving you the headache of countless phone calls and emails! commonsku Shops allow you to build a quick ordering solution for your clients, so that you're their go-to for all their promo needs.

Invoicing

With our seamless integrations with the industries most commonly used accounting softwares, you won't miss a beat. Plus commonsku is easily connected to secure credit card payments online, so you can get paid faster.

Our community is home to over 5000 forward-thinking distributors and suppliers, with over 1 billion dollars in annual sales...you're in good company on commonsku!

In addition to the commonsku software application, we have built an entire ecosystem that supports the modern promotional product professional:

Our Supplier Partners

The commons platform provides our distributors and suppliers with a more efficient way to do business through our Connected Workflow.

Our Events

We host hundreds of distributors and supplier professionals in the promotional products industry from all around the world, in-person and online.

Our Resources

Our blog contains a mix of our sales and marketing series, episodes of our podcast, skucast, eBooks, and videos from our events.
