

Working with Suppliers on commonsku

One of the critical benefits of commonsku's fully connected workflow is the ability to collaborate with your favorite supplier partners at ideation, all the way through to production! commonsku's supplier partnership program makes it easy for you to identify the capabilities of your supplier partners in commonsku, with three supplier statuses: **Community**, **Community+**, **Connected**, and **Connected+** so that you can work more efficiently together.

commonsku Connected+ Suppliers

These suppliers can engage with you on the commonsku platform, as well as offer complete full PromoStandards integrations including inventory, order status, ship notifications, product data, pricing, and ePOs.

commonsku Connected Suppliers

These suppliers can engage with you on the commonsku platform and offer introductory PromoStandards capabilities, including inventory, order status, and ship notifications.
